

Basic:

1

Give me 20 [[paste your topic](#)]

Intermediate :

1

Create a high-quality, vertically oriented (1080x1350 for Instagram) split-screen image designed for an emoji voting system. On the left side, show a realistic, eye-catching scene representing Option A of [put your topic]. On the right side, show an equally engaging scene representing Option B of [put your topic]. At the top, include bold white text asking a simple, direct question like: "Which would YOU choose?" or "Which one is WORSE?" depending on the topic. Below each image, place the name of the option in bold text and the corresponding emoji reaction: = Option A = Option B Add a subtle watermark at the bottom center: @yourhandle. The style should be optimized for social media: bold, readable, and engaging.

Advanced :

1.

Can you create a URL that if I will pastge to Instagram it will search all photos about [[paste your topic](#)]

2.

Can you recreate this image, ,more createive and realistic put my watermark in the center of the image [@namepage](#). Make it in another angle or place, generate the image now
