

FREE AI TOOLS FOR IMAGE TO VIDEO 🎬

1. Dola

[Dola](#)

<https://www.dola.com/chat/>

Pros:

- No subscription needed
- No credits required
- High-quality videos, especially if the image came from ChatGPT
- Cannot easily detect same IP, so you can use multiple Gmail accounts
- You can generate 5 image-to-video tasks at the same time
- Completely FREE

Cons:

- No premium version available in the Philippines
- Limited to 5 videos per day
- Cannot multitask properly, one task at a time only

Overall:

Dola is still developing, but it is a good temporary alternative to Grok.

2. Meta AI
